Hey  
me  
re, Sr. A copy of my Charges of treason and accessory to murder, filed with the U.S. Attorney, Washington, DC, is enclosed for your information.

I enclose my 1968 Wage & Tax Statement, in duplicate, provided by the Finance Center, US Army, Indianapolis, Indiana. As stated in the charges, I herewith demand repayment of the total of withholding taxes for the past five years, none refunded. I do not have the exact figures, but they can easily be obtained by you from the Finance Center by telephone. You are directed to obtain all necessary data and complete all administrative details personally, to consummate your crimes in full, not through intimidated subordinates as you have attempted to do for these past years, passing the buck to them to become accessories to your crimes. The approximate amount would be \$3,500.00.

OPEN LETTER

February 3, 1969

TO: The United States Attorney ~ Washington, D.C.

Charges for crimes of Treason and Accessory to Murder Against  
Sheldon S. Cohen, U.S. Collector of Internal Revenue

I present herewith charges of Treason and Accessory to Murder, against said Sheldon S. Cohen, for fraudulent, felonious, collection of income taxes upon my own income, and income of other citizens, including your own, converting funds to his own use and that of World Zionists and other national and international accomplices of the "Dirty Dollar", on the following specifications:

I. All Federal taxes are unlawful and unconstitutional, as levied unlawfully, and for unlawful purposes: to promote the outlawry of political "Establishments" which came into power by fraud, to overthrow the Constitution of the United States...i.e. Lyndon B. Johnson who promoted the outlaw war in Vietnam; and Richard M. Nixon who "won" the 1968 election by bribery of some \$20-40 million, much from a foreign nation - Israel - and its affiliates, upon prior election promises of military support against the Arab world..... a war not by pathetic "Jews" or "Children of Israel", but of maurauding World Zionists, inheritors of the ruthlessness of a Ghengis Khan.

II. The "Money" used for such treasonable purposes consisting of unlawful, worthless, Federal Reserve counterfeit, forged, "Dirty Dollar" money; printed free in US print shops; in violation of Par 5, Section VIII of the Constitution which prescribes that Congress alone shall have the power to create money and regulate the value thereof; the "Dirty Dollar" money created by the private corporation of the Federal Reserve Banks; now merged with the World Bank, the International Monetary Fund; and foreign banking syndicates; into whose hands Congress has feloniously betrayed the entire financial system of the United States; voiding its own constitutional powers.

III. Said "Establishments" have, unconstitutionally and feloniously, involved the government and the people of the United States in murderous foreign wars, the treason acquiesced in by said cowardly, irresponsible, seditious Congress; currently and specifically in Vietnam where illegal war costs run to \$3 billion per month; financed by worthless Federal Reserve "Dirty Dollars" upon which swindled taxpayers are required to pay exorbitant rates of usury; depleting survival budgets of pauperized people. As noted above, Richard M. Nixon has currently opened a second front in Israel; involving treason and murder; costing added billions of dollars in fraudulent taxation and usury; to arm Israel and pay increased costs of this unlawful, political "commitment". These costs do not include the blood shed by our men in these unconstitutional wars, murdering innocent "enemies" created for the occasion by the invisible government of the "Dirty Dollar".

IV. My own "Interests" are three-fold:

a. As a public magistrate I am sworn, as you are, to defend the Constitution against these domestic and foreign terrorists. Receiving no guidance or assistance in the performance of my duties from official sources I have, of necessity, placed myself on full active duty "for the duration"; and since 1943 when these outlaws first struck at me personally, I have fulfilled my oath "beyond the call of duty"; have refused to be bound by any alleged laws clearly illegal which would force me to yield to becoming another puppet of traitors.

ENCLOSURE

b. While on this "active duty", working 24 hours per day; "moonlighting", in defense of the Constitution and dedicating my total physical efforts and a reasonable 50 % of my retired income; refusing to participate in any action including the submission of an income tax return, involving, in principle, armed robbery against myself, by permitting any taxes to be withheld for these criminal purposes. Accordingly I am demanding immediate and full reimbursement of all such felonious levies already made.

c. I have the added sworn duty of assuring the arrest of all criminals involved, and their trial by due process for murder and treason. I recognize at the same time that with the principle of public hangings re-established abroad, at the moment of orgasm like of death when this criminal economy explodes, the practice may become epidemic at home as well as abroad. I am demanding this lawful approach, to avoid the otherwise inevitable resurgence of techniques of uncontrolled terrorism.

V. As a side effect of this conspiracy we observe Christian ( and other ) religious Cultists being granted subsidies of tax exemptions, to seduce "God" into collaboration in felonious crimes, as at the same time they hoard untaxed, bloodied, stocks, bonds, and hypocritical "love offerings" accumulated at the expense of secondary taxpayers; "Tycoon" Billy Graham, among others, accordingly praying interminably and with emotional extravagances for protection of the seditious Richard M. Nixon, against Cosmic Law and the Constitution of the United States..... which could only be done "In The Name of the Devil-God of the "Dirty Dollar""; blood-crazed Zionist squatting at Jewish wailing walls, forgetting Eichmann and his murders of the Jews; public servants concluding perjured oaths with "So Help Me God!", when instead, they should invoke the "Devil-God of the Dirty Dollar"; assassins of the Vatican CIA, by poetic justice, hanged in public squares abroad in recoil against U.S. uncontrollable international terrorism; the H-bomb a constant reminder of a last U.S. resort of exploding the Planet Earth into Limbo.

VI. In making separate demand on Mr. Cohen ( or his replacement ); for immediate refund of all taxes withheld for the past 5 years, I am reminding him herewith that, by his wide, emotional appeal through created injustices to our total population, the time is ripe for him to become the ominous popular symbol for the return of Western Lynch Law in the United States. He would be well advised to heed this warning, for himself and his accomplices, to assure orderly processes of justice, remembering however, that conviction on these charges justifies the death penalty.

You, yourself, are fully able, from your own observations and experiences, to bear witness to the accuracy of the above charges.

OPEN LETTER

March 4, 1969

TO: Mr. David Kennedy - Alleged Secretary of the Treasury - Washington

Reimbursement of \$444.22 Feloniously Appropriated

Reference is made to my open letter of February 27, 1969 previously provided, filing charges against one Richard M. Nixon, in whose name Lieut. Col. H.T. Bradley, Army Finance Center, Indianapolis, was incited to subornation of treason by your office, arising from a felonious lien of \$444.22 against my retired pay; the crime involving major national seditious crimes of your Nixon Establishment, committed deliberately and with malice afore-thought. The alibi of the Finance Center administration is that that office, receiving such a document, must necessarily honor the demand by making the deduction.

This stand constitutes utter nonsense, and irresponsibility, when one remembers that "dirty" criminal, politicians must necessarily come to office as part of electoral gangsterism, characterized by Senator Harold E. Hughes of Iowa, as accomplished through Dirty Dollar Big Money gangsters, Whites, and organizational hacks, thereby overthrowing electoral "due process", and disfranchising our voters. Thereafter, once in office, they feloniously assume a mandate of dictatorship enabling them to engage in massive crimes of murder by bloody wars, and treason, to destroy what little is left of the Constitution of the United States. Having, himself, come to office feloniously by such means, he should qualify as an expert, as should you also after your brief contacts with "trickery-Dick" Nixon - still the same double-talker as before.

My alleged crime was not, as presented, to refuse to pay income tax, but my refusal based on the Constitutional and Army principle that no one, particularly of the armed services sworn to defend the Constitution, can be ordered to commit any act which he knows to be criminal, which would include any crime against himself, and cannot order anyone else to commit such an act. I have refused, and shall continue to refuse, to obey the criminal orders of World Zionist Jew, Sheldon S. Cohen, who suffers from a conflict of interest between his duties to your office as Commissioner of Internal Revenue, and his primary loyalty to World Zionism and Israel; who demonstrates this conflict of interest by ordering me to pay \$444.22 above amounts already feloniously withheld; to finance armaments for Israel with which to wage war against the Arab world; and further, to assault the tiny state of Vietnam in the Pope's War - the Pope's Massacre! This issue has been ignored entirely in the controversy in total disregard of my vehement protests over a period of five years; never able to flush the cowardly Cohen from behind his mahogany desk to consider the matter dispassionately; never adjudicated for my protection by "due process". Therefore you had no authority, by any fraudulent action within your fraudulently-held office, to instigate this crime of armed robbery.

It is ordered: That you issue instructions to Major General K.G. Wickham, The Adjutant General of the Army, to reverse the felonious action of your subordinates and his, to provide for the immediate return to me of the \$444.22 criminally deducted from my pay check, literally at the point of a Pentagon gun. Thereafter, you have the options of bringing the case before the Supreme Court on these broad, constitutional issues; or to file criminal charges against me for disobedience of orders, to afford me the opportunity for a jury trial to expose this criminal conspiracy before the people of the United States. I prefer the latter.

HO 757

Your only reason for a failure to do so would be moral cowardice, and/or the naive trust that you, and all of the Establishment gangsters, having transformed Constitutional government into a dictatorship, that all means of enforcing law and order, are immune to legal punishment; and in the foolish expectation that in the final show-down, the Armed Forces leadership will march to the gallows to save you as their counterparts did in Germany to save Hitler and his gangsters. It would seem that all "soldiers", all of whom you are assaulting as you assault me - especially those dedicated to "Duty, Honor, Country" - having little in common with "dirty politicians" who swindle their way into public office, would spew you out!

You are directed to discharge Sheldon S. Cohen, and file criminal charges against him before the United States Attorney of Washington, DC, for crimes of grand theft, murder, and treason, for which the punishment is DEATH!

"Nothing can stop the birth of an idea whose hour has come!" ( Victor Hugo, I believe ) You are blind indeed, even to your own survival, if you cannot see the rising sun of the day and hour when you will - if you do not turn aside from fraternizing with criminals and return to your loyalty to the Constitution - be cut down in your intellectual and spiritual blind alley. I can see the early day when Richard M. Nixon, and all renegade members of his "Establishment", will stand trial on these charges!

"Sauve Qui Peut!"
